## Ashburnham Board of Health Joins DPH "Together We're Ready" Campaign to Encourage Individuals and Families to Plan Ahead for Emergencies

The Ashburnham Board of Health joins the Massachusetts Department of Public Health (DPH) in promoting emergency preparedness as part of the "Together We're Ready – Massachusetts Prepared" campaign during Emergency Preparedness Month.

"Together We're Ready – Massachusetts Prepared" is a statewide campaign to encourage Bay State residents, families and communities to make plans and prepare for severe weather, natural disasters or other emergency events. The campaign features local access television programming, online videos and resources and social media components developed by the DPH Emergency Preparedness Bureau, in partnership with state and local agencies.

Check out the "Together We're Ready – Massachusetts Prepared" web page at [www.mass.gov/dph/ready](http://www.mass.gov/dph/ready) where you can find more information about individual and family preparedness, volunteer opportunities, emergency planning for the whole community and tips for flu prevention. You can join the conversation, too, at #readyma.
