

**ASHBURNHAM BOARD OF HEALTH
CHANGES TO
SOLID WASTE REGULATIONS**

Vehicles are no longer required to be inspected, but can be inspected at the request of the Board or its agent. Permits for residential and commercial collection of solid waste have been combined to a single permit. Permit holders must submit a list of customers to the BOH on a biannual basis rather than monthly. For a copy of the Solid Waste Regulations please visit the BOH office at the Ashburnham Town Hall.

Glenn Hathway, Chairman
Ashburnham Board of Health
